PROFILE

Full-stack web developer and technical lead with over 25 years of experience across front- and back-end technologies, team leadership, and website/application delivery. Seeking a full-time role where I can apply my existing skills, take on new technologies, and grow as part of a development team.

SKILLS

HTML5 • CSS3 / Sass • Javascript • PHP • React • Angular • WordPress • Drupal • Webflow • Headless Drupal • Team Leadership • Database-driven application development

EXPERIENCE

Technical Lead, Luxid (formerly TriComB2B); Dayton, Ohio — 2016-2026

- Led a team of developers, managing projects from discovery through launch.
- Delivered over 50 projects including Drupal, WordPress, and Webflow websites, along with React and Angular web applications used both on the web and at tradeshows.

Lead Developer, Rainy Day Media, LLC; Dayton, Ohio — 2014-2016

- Served as primary front- and back-end developer, building web applications and WordPress websites, plugins, and e-commerce solutions.
- Built and maintained wpkit, an internal tool for deploying and managing transfers of WordPress websites and data.
- Built and maintained Flux, a component framework used for building websites and applications.

Audio/Video Specialist, National Museum of the USAF; WPAFB, Ohio — 2005-2006

- Produced, edited, and installed video and audio programs supporting the Wild Weasel, Vietnam POW, and World War II aircraft exhibits.

Web Developer, WSU Student Government; Fairborn, Ohio — 2004-2006

- Built an internal intranet site and web applications supporting administration and communication.
- Developed BookSwap, a database-driven application enabling students to trade and sell textbooks.

Student Programmer, WSU Electronics Shop; Fairborn, Ohio — 2003-2004. Designed and built a database-driven work order and availability calendar.

Web Programmer, Volition, Inc.; Champaign, Illinois — 2000-2003. Built public marketing websites for game titles and an internal intranet with administrative tools, including Todolist, a database-driven bug tracking tool.

Web Developer, Univ. of Tennessee Housing Dept; Knoxville, TN — 1999-2000. Built the Housing Department's web-based housing reapplication tool.

EDUCATION

Wright State University, Fairborn, Ohio — 2003-2006. Motion Picture Production.

University of Tennessee, Knoxville, Tennessee — 1997-2000. Computer Science.
